

## **Security Bank awards Admerex with new contract**

Security Bank has recently contracted Admerex as its partner to outsource and provide support to their encoding and scanning processes. The business relationship between the two companies continues to expand and diversify. Given the expected surge in the 2019 sales volume, these partnership initiatives are triggered by an expected increase in their cards acquisition for the upcoming year. Admerex is a 100% Filipino-owned BPO that provides a variety of outsourcing services such as revenue generation (sales), credit verification, receivables management, customer experience, back office support, recruitment, and consultation services to a wide range of clients
